

HARRY M. BLAIR TELLS COMMITTEE OF CAMPAIGN FUND

Never Heard of Fifteen Million Dollar Fund

WITNESS SAID HE APPROVED FORM 101

CHICAGO, Sept. 8.—Support of Governor Cox's charge that \$400,000 had been set as the Republican campaign fund quota of Cleveland and \$25,000 as that of Atlanta, came from Republican witnesses today at the senate investigation of campaign funds and expenditures.

In addition there was an admission by Harry M. Blair, assistant to the treasurer of the Republican national committee, that he had approved "form 101," a document setting forth a campaign plan which called for subscription of \$5,000 and \$10,000 each.

Mr. Blair said sufficient copies of the bulletin were prepared to supply all field agents of the Republican national treasurer, but that when the national ways and means committee refused to approve the project, the release on the document was cancelled.

Cleveland Quota \$400,000

Testimony on the Cleveland quota of \$400,000 came from Dudley S. Blossom, a city official and one of the leaders in the drive for funds there.

He said this figure was given him by W. A. Woodford, chairman of the ways and means committee for Cleveland but that it was also discussed with the national ways and means representative and "became common knowledge among the workers for the fund."

He said \$74,000 had been pledged to the fund and that the work was continuing.

Mr. Woodford was called when Mr. Blossom finished, but it developed that he had been detained in Cleveland by business. Other Ohio witnesses were also lacking.

The Atlanta testimony came from C. W. McClure, former Republican candidate for United States senator from Georgia. He said that C. F. Taylor, a paid worker for the Republican national treasurer brought a letter from Fred Upham stating that an attempt was to be made to raise more money there.

The witness said that Dr. J. C. Stockbridge of Atlanta quoted Taylor as saying that they hoped to raise \$25,000 in Atlanta alone. This was the amount charged by Governor Cox as the quota for that city and given by Mr. Upham as the quota for the entire state of Georgia.

Newspaperman Declines to Answer

The committee tried today unsuccessfully to learn by what authority C. C. Brainerd, Washington, correspondent for the Brooklyn Eagle, had written a story last January to the effect that the Republican plans called for the expenditure of \$16,000,000 thruout the country. Mr. Brainerd maintained that the source of his information was confidential and declined to answer, relying on rulings of privilege made for other Washington correspondents when they appeared before the committee several weeks ago.

Senator Reed pressed for the information today and his stand was backed, as to its legal aspect, by Senators Kenyon, Spencer and Pomeroy.

A decision on the point, it was announced, probably would be given out tomorrow.

Mr. Blair's testimony extended over into a night session of the investigators. Early in his testimony he said that when he undertook his duties in November, 1919, a list of state quotas had been made up calling for approximately \$3,000,000. A comparison of this figure with the \$3,000,000 budget presented in last week's testimony by Chairman Will Hays was brought into the proceedings and Mr. Upham volunteered from the audience that Mr. Blair knew nothing about the manner in which the money he collected was to be disbursed.

"I expect to satisfy Mr. Upham and raise three million dollars," the witness told Senator Reed.

"And you are expected to raise that for the national committee and then have the money that are due the states on their proportion turned over to them so that the national committee will have the three millions clear?" asked Senator Reed.

"You really do not know what the money is for—the division of it?"

Knew Nothing Officially

"Officially I know nothing about it, because I have nothing to do with disbursing it," replied Mr. Blair.

"Unofficially what do you know?" asked the senator.

"Nothing," was the reply.

"I shall object to any more prompting of this witness," announced Senator Reed.

"If I have been prompted I do not know it," retorted Mr. Blair.

The witness stated flatly that the proposal to raise the limit of individual campaign contribu-

A. C. McHenry, the third candidate, polled a comparatively small vote.

The Republican gubernatorial contest has furnished the closest race of the primary.

PREDICT APPEAL OF RATE CASE TO U. S. SUPREME COURT

Utilities Commission Indicates Will Take Appeal

ILLINOIS WILL BE BATTLE GROUND

CHICAGO, Sept. 8.—Appeal to the United States supreme court by the public utilities commission of Illinois if the railway rate hearing, started today before the "interstate commerce commission" is decided against the shippers, was predicted today by Examiner H. M. Slater representing the state board.

"It is up to the carriers to show that the rates fixed by the utilities commission are unjust," he said. "They have failed to do that so far. If the ruling in this hearing is not favorable to the shippers, we will go to the supreme court. It appears that while this hearing is not a rest case, it is intended to make Illinois a battle ground."

Carriers' Witnesses Testify

Several witnesses for the carriers testified today. The first was C. F. Walsh, assistant passenger auditor for the Chicago and Northwestern railway who introduced a summary of the estimated loss in revenue to the carriers in Illinois, thru the failure of the public utilities commission to authorize advances in rates adopted by the Interstate Commerce commission.

P. S. Estus, passenger traffic manager for the Chicago, Burlington & Quincy railroad told of the differences in charges made by interstate and intrastate rates.

Mr. Slater objected to the continuance of the hearing stating that the taking of testimony should go over until the Illinois commission had completed its investigation and several questions now pending had been settled.

Will Present Car Situation To Federal Government

BLOOMINGTON, Ill., Sept. 8.—To take steps toward relieving the critical need of cars to move the grain in Illinois elevators, a committee was appointed at a meeting here today, when 75 managers of grain companies conferred with Commissioner Frank H. Funk, of the Illinois Public Utilities commission. The grain men represented private grain dealing concerns, and also many farmers' co-operative elevators. The committee named at this meeting today will at once go to Washington and present the situation to the federal government in the hope of securing some measure of relief. The committee is composed of Frank H. Funk, of the utilities commission; Carl Vrooman, former assistant secretary of agriculture at Washington; Lawrence Farlow, secretary of the Farmers' Grain Dealers' association of Illinois; Lee Metcalf, of the Illinois Grain Dealers' association and Frank D. Banta, banker and grain dealer at Low Point in Woodford county.

The secretaries of the two grain associations will send questionnaires to every grain dealer in the state asking for information, which is to be compiled by the committee and presented at Washington within a week.

Secretary Farlow presented the information that he had secured from over one hundred grain dealing firms of the state, showing a need of 39,000 within the next 60 days.

ARE ENCOURAGED OVER RETURN OF PREMIER GEORGE

Hope Something May be Done for Lord Mayor of Cork

ASQUITH SAYS IT IS POLITICAL BLUNDER

LONDON, Sept. 8.—Mrs. MacSwiney on leaving Brixton prison this evening, after visiting her husband, the lord mayor of Cork, said that twice this afternoon the attending physician had warned her not to speak to her husband as he was living on his vitality. She added that the mayor suffered from dizziness this afternoon.

Friends of the lord mayor, his wife said, were much encouraged at the presence in England of Premier Lloyd George who returned from Lucerne yesterday and they hoped that something might ensue favoring the Irish prisoner.

Former Premier Asquith answering an appeal from John How and Whitehouse, former liberal member of the house of commons for his intervention in behalf of Mayor MacSwiney, said:

"I think the decision to allow the lord mayor of Cork to die in prison is a political blunder of the first magnitude. I would gladly intervene if any appeal of mine could lead even now to wiser counsels prevailing, but I fear that the latest declaration of the minister precludes any such hope."

Father Dominick on leaving the late tonight also reported that Mr. MacSwiney's condition was much the same. Like Mrs. MacSwiney the priest reported the prisoner had experienced spells of dizziness during the course of the evening but said he had not lost consciousness.

Redmond Howard, nephew of the late John Redmond, has written a letter to Premier Lloyd George in which he offers himself as hostage for Lord Mayor MacSwiney.

TWO BIG QUESTIONS TO BE DECIDED BY ILLINOIS CONFERENCE

Wesleyan University Removal and Conference Merger

THESE WILL BE DEFINITELY DECIDED

DECATUR, Ill., Sept. 8.—Two big questions the location of Illinois Wesleyan University and the merger of the Illinois and Central Illinois conference are to be decided by the Illinois Methodist annual conference in annual session here. A committee of 21, three ministers from each district, was appointed Wednesday to report Thursday on the Wesleyan question. Superintendent M. N. English presented a report showing what Bloomington had done in an effort to keep the University there. Sentiment among the ministers seems to be in favor of keeping the University in Bloomington. It is expected that before the matter is settled this committee or another appointed for that purpose will meet a like committee from the Central Illinois conference to go over the situation.

Plans are being made to try for a joint session of the two conferences. This, it is claimed by those in favor of the merger would show the value of such a move.

WOMEN PARADE FRISCO WATER FRONT

SAN FRANCISCO, Sept. 8.—Several women who said they were members of the Women's League for Irish Independence, paraded the water front today bearing transparencies urging longshoremen to cease loading vessels destined for English ports.

Their efforts in particular were directed against the men loading coal on the British steamer Manchester. Castle and officials of the coal company said the men had persuaded some of the men to stop work.

NO MORE LIQUORS FOR THE NAVY

WASHINGTON, Sept. 8.—Spiritous liquors received their final and complete divorce from the United States navy in an order made public today by the bureau of medicine and surgery prohibiting their issues to naval vessels for medicinal purposes. Not only are medical supply depots prohibited from issuing whiskey to hospitals, but when their present supplies have become exhausted, the order states, no further purchases will be made.

MANUFACTURERS OF STILLTS TO REPORT SALES

Washington, Sept. 8.—In an effort to prevent illicit distilling of intoxicating liquor the treasury decided today to tighten regulations around the sale of stills and add another check to its means of tracing down their users. Manufacturers of stills are required by the new regulations to report all sales, the names of purchasers and locations where the stills are to be set up.

MODIFICATION WOULD DESTROY PROHIBITION ACT

New York, Sept. 8.—Modification of the Volstead act to permit the sale of light wines and beer would ultimately destroy the entire prohibition amendment, William G. McDoo former secretary of the treasury declared in a prepared statement made public tonight. He added he believed a modifying clause would make every lunch room, drug store and soda fountain a saloon, encourage youth to drink and bring a curse upon the country greater than war.

SOMETHING NEW IN STRIKE LINE

Montreal, Sept. 8.—The latest thing in strikes occurred here today when owners of horses on the program to compete in the Fall meeting of the Montreal hockey club tomorrow refused to file their entries unless the size of the purse was increased.

MUCH SUFFERING IN ITALY BECAUSE OF EARTHQUAKES

Peasants Say Seemed Like End of the World

ENTIRE VILLAGES WRECKED BY QUAKE

ROME, Sept. 8.—(By The Associated Press).—Italy is again suffering from an earthquake disaster, the extent of which has not yet been measured. It is known, however, that hundreds of people have been killed and thousands injured.

Many small towns and villages have been wrecked and, although assistance is being hurried from all parts of the country, there is much suffering for want of food, medicines, and shelter. "Every earthquake disaster is for Italy like a lost battle," said ex-Premier Luzzatti after the Avezzano catastrophe and this is now repeated in Tuscany.

Thro not so great, the present disaster recalls the distant tragedy of Messina.

Many Killed and Injured

It is not yet possible to calculate how many hundreds are dead—the list up to this evening shows close to 400. There are many bodies under the ruins and many are wounded also under the ruins who have not yet been reached.

There are believed to be many thousands of injured, the hospitals at Spezia have already received about 500. Improvised hospitals composed of tents are caring for many others—nobody knows how many. The injured and the homeless are thankful that the weather keeps fair but at night it is very cold.

All classes are combining to render aid. Monarchists as well as Republicans, Socialists and Clericals and even anarchists are flocking to the scene of the earthquake from the bigger cities—Spezia, Florence, Lucca, Modena.

Survivors describe the shock as terrifying. The air was filled with choking, blinding dust, so black that the sun was lost to view.

Seemed Like End of World

"It seemed like the end of the world," terrified peasants say.

The great towers of medieval castles were shaken, partially destroyed or seem tottering to a fall. The Ducal Palace at Massa Carrara which was the summer residence of Napoleon's sister, was seriously damaged.

Additional Shocks Felt

Florence, Sept. 8.—Additional shocks have been felt in the afflicted region since the first one, further increasing the terror of the population.

Fortunately no fresh disasters are reported. Telephonic communication with Massa Carrara is interrupted.

At Pisa the inmates of an asylum were terror stricken and tried to escape, some of them succeeding. Prisoners clamored to be liberated but were calmed when they were transferred to a large court yard where there was little danger of the walls falling on them.

Up to six o'clock tonight the number of dead reported was 327, although this is only a partial list. There are many bodies under the ruins. The injured are filling all the neighboring hospitals.

Numerous rescuing parties are at work, but food, blankets and medicines are scarce. The lack of ice is especially felt as there are many suffering from cerebral concussion.

From scores of small towns and villages come reports of great destruction to homes. Some families were almost entirely blotted out and each place has its small or large toll of dead.

OFFICERS PLAN FOR MILITARY ORDER

DETROIT, Mich., Sept. 8.—Officers of the American army in the world war meeting here today, approved plans for organization of the Military Order of the World War. The new organization will be a merger of the American Officers of the Great War and other bodies formed since the return of the troops from Europe.

A constitution framed today declares the purpose of the brotherhood is to inculcate love of country, uphold the constitution, promote cultivation of military science and the adoption of a consistent military policy and to cherish memories of the war. The constitution forbids political activity by the order.

Major General William C. Haan, director of the war plans division of the general staff, addressed the officers tonight.

RANDIT SHOT IN RUNNING FIGHT

Chicago, Sept. 8.—In a spectacular running fight a negro bandit was shot to death today and his companion was captured after they had stolen an automobile and had attempted a street holdup. Policemen Messersmith and J. J. Connelley, of the Chicago Police Department, were the first to see the bandits. They were running away from the negroes as they sped away.

GREATEST CORN CROP IN HISTORY IS IN PROSPECT

Estimate Placed at Three Billion Bushels September 1

TOBACCO ALSO IS RECORD CROP

WASHINGTON, Sept. 8.—The greatest corn crop in the country's history is in prospect for this year's harvest. Forecast of production based on Sept. 1 conditions was placed at 3,131,000,000 bushels today by the department of agriculture.

Such a yield would exceed by 6,000,000 bushels the previous largest crop on record, which was in 1912. A crop of even larger proportions will be harvested if frosts hold off until late and permit maturity of much late corn now rated as of doubtful promise.

Tobacco also is a record crop this year and will probably exceed the best previous production by 114,000,000 pounds. Forecast of production places this year's crop at 1,553,000,000 pounds. August growing conditions proved highly beneficial to most of the country's important crops and as a result production forecasts generally were higher in today's government report than the forecasts of a month ago.

Corn improved to the extent of 128,000,000 bushels, oats 40,993,000 bushels, white potatoes 11,000,000 bushels, sweet potatoes 1,000,000 bushels, tobacco 10,000,000 pounds and apples 10,000,000 bushels.

Spring wheat, however, suffered a loss of 25,000,000 bushels because of drought and flax lost 2,500,000 bushels from the same cause.

HUNGER STRIKERS MAY BE RELEASED

Premier George Said to be Willing to Take Sinn Feiners' Guarantee to Stop Police Murders—Strikers to be Held as Hostages

LONDON, Sept. 8.—An inspired statement issued today indicates that Premier Lloyd George is willing to accept guarantees from Sinn Fein headquarters that police murders will cease and that he does not require a personal guarantee from Lord Mayor MacSwiney.

If such guarantee is forthcoming, it is set forth in the statement, MacSwiney and the hunger strikers in Cork jail would be released and held as virtual hostages, and if the murders were resumed they would again be sent to jail thus, in effect, reverting to what was called the "cat and mouse" policy adopted in the case of the suffragette hunger strikers.

It is an interesting question whether the Sinn Feiners are prepared to give such an assurance as to satisfy this requirement. Up to the present they have insisted upon conditional release.

POLISH CAVALRY DOES GOOD WORK

WARSAW, Sept. 7.—An official communication issued today says the advance of the Lithuanians in the north has been checked. Polish cavalry detachments stopped the further advance of the Lithuanians after some fighting. The Poles took 200 prisoners, six machine guns, six field kitchens and 40 cars and horses.

In the fighting in the south with the Bolsheviks the communication reports a further retreat by the Bolsheviks. General Budny's forces east of Brulieszow, where the Bolsheviks were defeated with losses.

Polish successes are also announced on the Lemberg front, the Poles crossing the Bug river between Kamionka and Strumylowa and smashing a red concentration in the region of Jablowka. One hundred and fifty prisoners were taken.

HARDING RECEIVED WITH ENTHUSIASM MINNESOTA FAIR

Appeal for Americanism Received With Applause

MANY SENATORS WON WAY BY MERIT

STATE FAIR GROUNDS, HAMLINE, Minn., Sept. 8.—Making his first important campaign speech away from home, Senator Warren G. Harding outlined his agricultural policy to an applauding crowd of many thousands here today and later was acclaimed enthusiastically by other thousands in a string of parades and receptions in Minneapolis and St. Paul.

Stating in carefully measured words his agricultural program, the candidate declared that, among other things, the nation should encourage co-operative marketing, stabilize many prices, stabilize the farm loan act as to reduce tenancy, give farmers greater representation in government, restore railway transportation to its greatest efficiency and revise the tariff to protect against unfair competition.

Appeals for Americanism

An appeal for Americanism, which brought the loudest applause was made after the nominee had laid his manuscript aside. He recounted how on a return from Europe some years ago, his emotions had been aroused at the sight of poverty-stricken immigrants issuing from under decks, and how a stranger had told him "not to worry about those people."

"He declared it was the greatest day of their lives," said Senator Harding, "and, said, he knew whereof he spoke, because he himself had come over that way six years before. And that, my fellow countrymen, is the story of America—a land of guaranteed freedom and opportunity. I want it to go on that way, preserving its independence and pointing the way to the highest civilization for the world."

Talks to Boys

During his visit of four hours to the fair grounds the candidate made several short talks. In the main they were merely messages of greeting to crowds that called on him for a word, but in a speech to a group of boys who had won prizes for crop raising he took occasion to reply to criticism of the senate as "a rich man's club."

Many of the present members of that body, he said, had won their way forward by merit from the lowliest beginnings.

Many departments of the fair were visited by Senator and Mrs. Harding but they stopped at most of the exhibits only a moment to express their admiration to those in charge. Everywhere Mrs. Harding shook hands and exchanged greetings with those who crowded around and several times she became separated from the party while she lingered to talk with newly found acquaintances. Later a reception was given Mrs. Harding by the women of Minneapolis.

Arriving in St. Paul at 9 a. m. the party motored directly to the fair grounds where, after their tour of inspection, they had luncheon. The visit to Minneapolis was made immediately after the senator's address and they had dinner at the home of Senator Kellogg in St. Paul. Leaving St. Paul late tonight on his special train the nominee will arrive in Marion Thursday evening.

THOMPSON SUES JOHN G. OGLESBY

CHICAGO, Sept. 8.—Suit for \$100,000 damage against Lieutenant Governor John G. Oglesby, of Illinois today was filed in the circuit court by William Hale Thompson, mayor of Chicago.

Letters alleged to have been mailed to soldiers several days ago under the signature of Mr. Oglesby, attacked the mayor as being seditious and unpatriotic and on this basis the suit was filed.

The letters are said to have referred to the mayor's attitude in connection with the visit of Marshal Joffre of France, and also to a series of speeches which the city executive was said to have made.

HARRY M. BLAIR TELLS COMMITTEE OF CAMPAIGN FUND

Never Heard of Fifteen Million Dollar Fund

WITNESS SAID HE APPROVED FORM 101

CHICAGO, Sept. 8.—Support of Governor Cox's charge that \$400,000 had been set as the Republican campaign fund quota of Cleveland and \$25,000 as that of Atlanta, came from Republican witnesses today at the senate investigation of campaign funds and expenditures.

In addition there was an admission by Harry M. Blair, assistant to the treasurer of the Republican national committee, that he had approved "form 101" a document setting forth a campaign plan which called for subscription of \$5,000 and \$10,000 each.

Mr. Blair said sufficient copies of the bulletin were prepared to supply all field agents of the Republican national treasurer, but that when the national ways and means committee refused to approve the project, the release on the document was cancelled.

Cleveland Quota \$400,000—Testimony on the Cleveland quota of \$400,000 came from Dudley S. Blossom, a city official and one of the leaders in the drive for funds there.

He said this figure was given him by W. A. Woodford, chairman of the ways and means committee for Cleveland but that it was also discussed with the national ways and means representative and "the same common knowledge among the workers for the fund."

He said \$74,000 had been pledged to the fund and that the work was continuing.

Mr. Woodford was called when Mr. Blossom finished, but it developed that he had been detained in Cleveland by business. Other Ohio witnesses were also lacking.

The Atlanta testimony came from C. W. McClure, former Republican candidate for United States senator from Georgia. He said that C. F. Taylor, a paid worker for the Republican national treasurer brought a letter from Fred Upham stating that an attempt was to be made to raise more money there. The witness also said that Dr. J. C. Stockbridge of Atlanta quoted Taylor as saying that they hoped to raise \$25,000 in Atlanta alone. This was the amount charged by Governor Cox as the quota for that state given by Mr. Upham as the quota for the entire state of Georgia.

Newspaperman Declines to Answer—The committee tried today unsuccessfully to learn by what authority C. C. Brainerd, Washington, correspondent for the Brooklyn Eagle, had written a story last January to the effect that the Republican plans called for the expenditure of \$16,000,000 through the country. Mr. Brainerd maintained that the source of his information was confidential and declined to answer, relying on rulings of privilege made for other Washington correspondents when they appeared before the committee several weeks ago.

Senator Reed pressed for the information today and his stand was backed, as to its legal aspects by Senators Kenyon, Spencer and Pomeroy.

A decision on the point, it was alleged, probably would be given out tomorrow.

Mr. Blair's testimony extended over into a night session of the investigators. Early in his testimony he said that when he undertook his duties in November, 1919, a list of state quotas had been made up calling for approximately \$5,000,000. A comparison of this figure with the \$3,000,000 budget presented in last week's testimony by Chairman Hay was brought into the proceedings and Mr. Upham volunteered from the audience that Mr. Blair knew nothing about the manner in which the money he collected was to be disbursed.

"I expect to satisfy Mr. Upham and raise three million dollars," the witness told Senator Reed.

"And you are expected to raise that for the national committee and then have the money that are due the states on their proportion turned over to them so that the national committee will have the three millions clear?" asked Senator Reed.

"You really do not know what the money is for—the division of it?"

"Officially I know nothing about it, because I have nothing to do with disbursing it," replied Mr. Blair.

"Officially what do you know?" asked the senator.

"Nothing," was the reply.

"I shall object to any more prompting of the witness," announced Senator Reed.

"If I have been prompted I do not know it," retorted Mr. Blair.

The witness stated flatly that the proposal to raise the limit of individual campaign contribu-

Defeated in the Wisconsin Primaries Held Tuesday

LaFOLLETTE SUPPORTED HIS OPPONENT

MILWAUKEE, Wis., Sept. 8.—Congressman John J. Esch, Republican, one of the authors of what is known as the Esch-Cummins railway bill, governing railroads and representative in the lower house at the national capital for many years, was defeated for re-nomination in yesterday's primary in the seventh district by Joseph E. Beck, former state commissioner of labor.

Mr. Beck was supported by Senator LaFollette with whom he has allied himself in a political way for many years.

Returns from 1359 precincts out of 2,379 in the state, as tabulated by the Milwaukee Journal, gave Senator Irvin L. Lenroot a lead of 23,154 over James Thompson, of Lacrosse, who also was supported by Senator LaFollette.

A. C. McHenry, the third candidate, polled a comparatively small vote.

The Republican gubernatorial contest has furnished the closest race of the primary.

Roy P. Wilcox, Eau Claire, is leading John J. Blaine of Boscobel by 2,133 with 1,317 precincts heard from.

PREDICT APPEAL OF RATE CASE TO U. S. SUPREME COURT

Utilities Commission Indicates Will Take Appeal

ILLINOIS WILL BE BATTLE GROUND

CHICAGO, Sept. 8.—Appeal to the United States supreme court by the public utilities commission of Illinois if the railway rate hearing, started today before the "interstate commerce commission is decided against the shippers" was predicted today by Examiner H. M. Slater representing the state board.

"It is up to the carriers to show that the rates fixed by the utilities commission are unjust," he said. "They have failed to do that so far. If the ruling in this hearing is not favorable to the shippers, we will go to the supreme court. It appears that while this hearing is not a mere case, it is intended to make Illinois a battle ground."

Carriers' Witnesses Testify—Several witnesses for the carriers testified today. The first was C. F. Walsh, assistant passenger auditor for the Chicago and Northwestern railway who introduced a summary of the estimated loss in revenue to the carriers in Illinois, thru the failure of the public utilities commission to authorize advances in rates adopted by the Interstate Commerce commission.

P. S. Estus, passenger traffic manager for the Chicago, Burlington & Quincy railroad told of the differences in charges made by interstate and intrastate rates.

Mr. Slater objected to the continuance of the hearing stating that the taking of testimony should go over until the Illinois commission had completed its investigation and several questions now pending had been settled.

Moore, of Youngstown, Governor Cox's personal representative had submitted evidence in connection with the campaign fund investigation for grand jury investigation.

"I am not interested in this case and have attended the hearings only as a spectator," Mr. Clyne said. "I have not talked to Mr. Moore or any member of the committee about the investigation."

Will Present Car Situation To Federal Government

BLOOMINGTON, Ill., Sept. 8.—To take steps toward relieving the critical need of cars to move the grain in Illinois elevators, a committee was appointed at a meeting here today, when 75 managers of grain companies conferred with Commissioner Frank H. Funk, of the Illinois Public Utilities commission. The grain men represented private grain dealing concerns, and also many farmers' co-operative elevators. The committee named at this meeting today will at once go to Washington and present the situation to the federal government in the hope of securing some measure of relief.

The committee is composed of Frank H. Funk, of the utilities commission; Carl Vrooman, former assistant secretary of agriculture at Washington; Lawrence Farlow, secretary of the Farmers' Grain Dealers' association of Illinois; Lee Metcalf, of the Illinois Grain Dealers' association and Frank D. Banta, banker and grain dealer at Low Point in Woodford county.

The secretaries of the two grain associations will send questionnaires to every grain dealer in the state asking for information, which is to be compiled by the committee and presented at Washington within a week.

Secretary Farlow presented the information that he had secured from over one hundred grain dealing firms of the state, showing a need of 39,000 within the next 60 days.

ARE ENCOURAGED OVER RETURN OF PREMIER GEORGE

Hope Something May be Done for Lord Mayor of Cork

ASQUITH SAYS IT IS POLITICAL BLUNDER

LONDON, Sept. 8.—Mrs. MacSwiney on leaving Brixton prison this evening, after visiting her husband, the lord mayor of Cork, said that twice this afternoon the attending physician had warned her not to speak to her husband as he was living on his vitality. She added that the mayor suffered from dizziness this afternoon.

Friends of the lord mayor, his wife said, were much encouraged at the presence in England of Premier Lloyd George who returned from Lucerne yesterday and they hoped that something might ensue favoring the Irish prisoner.

Former Premier Asquith, answering an appeal from John Howard Whitehouse, former liberal member of the house of commons for his intervention in behalf of Mayor MacSwiney, said:

"I think the decision to allow the lord mayor of Cork to die in prison is a political blunder of the first magnitude. I would gladly intervene if any appeal of mine could lead even now to wiser counsel prevailing, but I fear that the latest declaration of the minister precludes any such hope."

Father Dominick on leaving the late tonight also reported that Mr. MacSwiney's condition was much the same. Like Mrs. MacSwiney the priest reported the prisoner had experienced spells of dizziness during the course of the evening but said he had not lost consciousness. Redmond Howard, nephew of the late John Redmond, has written a letter to Premier Lloyd George in which he offers himself as hostage for Lord Mayor MacSwiney.

WOMEN PARADE FRISCO WATER FRONT

SAN FRANCISCO, Sept. 8.—Several women who said they were members of the Women's League for Irish Independence, paraded the water front today bearing transparencies urging longshoremen to cease loading vessels destined for English ports.

Their efforts in particular were directed against the men loading coal on the British steamer Manchester. Castle and officials of the coal company said the men had persuaded some of the men to stop work.

NO MORE LIQUORS FOR THE NAVY

WASHINGTON, Sept. 8.—Spiruous liquors received their final and complete divorce from the United States navy in an order made public today by the bureau of medicine and surgery prohibiting their issues to naval vessels for medicinal purposes. Not only are medical supply depots prohibited from issuing whiskey to hospitals, but when their present supplies have become exhausted, the order states, no further purchases will be made.

MANUFACTURERS OF STILLTS TO REPORT SALES

Washington, Sept. 8.—In an effort to prevent illicit distilling of intoxicating liquor the treasury decided today to tighten regulations around the sale of stills and add another check to the means of tracing down their use. Manufacturers of stills are required by the new regulations to report all sales, the names of purchasers and locations where the stills are to be set up.

MODIFICATION WOULD DESTROY PROHIBITION ACT

New York, Sept. 8.—Modification of the Volstead act to permit the sale of light wines and beer would ultimately destroy the entire prohibition amendment, William G. McAdoo former secretary of the treasury declared in a prepared statement made public tonight. He added he believed a modifying clause would make every lunch, room, drug store and soda fountain a saloon, encourage youth to drink and bring a curse upon the country greater than war.

SOMETHING NEW IN STRIKE LINE

Montreal, Sept. 8.—The latest thing in strikes occurred here today when owners of horses on the program to compete in the Fall meeting of the Montreal pockey club tomorrow refused to file their entries unless the size of the purse was increased.

RANDIT SHOT IN RUNNING FIGHT

Chicago, Sept. 8.—In a spectacular running fight a negro bandit was shot to death today and his companion was captured after they had stolen an automobile and had attempted a street holdup. Policeman Mesall commandeered a passing automobile, and giving chase opened fire on the negroes as they sped away. One was killed and the other was captured.

MUCH SUFFERING IN ITALY BECAUSE OF EARTHQUAKES

Peasants Say Seemed Like End of the World

ENTIRE VILLAGES WRECKED BY QUAKE

ROME, Sept. 8.—(By The Associated Press).—Italy is again suffering from an earthquake disaster, the extent of which has not yet been measured. It is known, however, that hundreds of people have been killed and thousands injured.

Many small towns and villages have been wrecked and, although assistance is being hurried from all parts of the country, there is much suffering for want of food, medicines, and shelter. "Every earthquake disaster is for Italy like a last battle," said ex-Premier Luzzatti after the Avezzano catastrophe and this is now repeated in Tuscany.

The not so great, the present disaster recalls the distant tragedy of Messina.

Many Killed and Injured—It is not yet possible to calculate how many hundreds are dead—the list up to this evening shows 400 to 400. There are many bodies under the ruins and there are wounded also under the ruins who have not yet been reached.

There are believed to be many thousands of injured, the hospitals at Spezia have already received about 500. Improvised hospitals composed of tents are caring for many others—nobody knows how many. The injured and the homeless are thankful that the weather keeps fair but at night it is very cold.

All classes are combining to render aid. Monarchists as well as Republicans, Socialists and Clericals and even anarchists are flocking to the scene of the earthquake from the bigger cities—Spezia, Florence, Lucca, Modena.

Survivors describe the shock as terrifying. The air was filled with choking, blinding dust, so black that the sun was lost to view.

Seemed Like End of World—"It seemed like the end of the world," terrified peasants say. The great towers of medieval castles were shaken, partially destroyed or seem tottering to a fall. The Ducal Palace at Massa Carrara which was the summer residence of Napoleon's sister, was seriously damaged.

Additional Shocks Felt—Florence, Sept. 8.—Additional shocks have been felt in the afflicted region since the first one, further increasing the terror of the population.

Fortunately no fresh disasters are reported. Telephonic communication with Massa Carrara is interrupted.

At Pisa the inmates of an asylum were terror stricken and tried to escape, some of them succeeding. Prisoners clamored to be liberated but were calmed when they were transferred to a large court yard where there was little danger of the walls falling on them.

Up to six o'clock tonight the number of dead reported was 327, although this is only approximate, for there are many bodies under the ruins. The injured are filling all the neighboring hospitals.

Numerous rescuing parties are at work, but food, blankets and medicines are scarce. The lack of ice is especially felt as there are many suffering from cerebral congestion.

Few scores of small towns and villages come reports of great destruction to homes. Some families were almost entirely blotted out and each place has its small or large toll of dead.

OFFICERS PLAN FOR MILITARY ORDER

DETROIT, Mich., Sept. 8.—Officers of the American army in the world war meeting here today, approved plans for organization of the Military Order of the World War. The new organization will be a merger of the American Officers of the Great War and other bodies formed since the return of the troops from Europe.

A constitution framed today declares the purpose of the brotherhood is to inculcate love of country, uphold the constitution, promote cultivation of military science and the adoption of a consistent military policy and to cherish memories of the war. The constitution forbids political activity by the order.

Major General William C. Haan, director of the war plans division of the general staff, addressed the officers tonight.

Springfield, Ill., Sept. 8.—Adjutant General Frank S. Dickson today announced the appointments of Col. William E. Swanwick, Chicago, to command of the Second Illinois Infantry, and that of Col. GREATEST CORN CROP IN HISTORY IS IN PROSPECT

Estimate Placed at Three Billion Bushels September 1

TOBACCO ALSO IS RECORD CROP

WASHINGTON, Sept. 8.—The greatest corn crop in the country's history is in prospect for this year's harvest. Forecast of production based on Sept. 1 conditions was placed at 3,131,000,000 bushels today by the department of agriculture.

Such a yield would exceed by 6,000,000 bushels the previous largest crop on record, which was in 1912. A crop of even larger proportions will be harvested if frosts hold off until late and permit maturity of much late corn now rated as of doubtful promise.

Tobacco also is a record crop this year and will probably exceed the best previous production by 114,000,000 pounds. Forecast of production places this year's crop at 1,153,000,000 pounds. August growing conditions proved highly beneficial to most of the country's important crops and as a result production forecasts generally were higher in today's government report than the forecasts of a month ago.

Corn improved to the extent of 128,000,000 bushels, oats 40,993,000 bushels, white potatoes 11,000,000 bushels, sweet potatoes 1,000,000 bushels, tobacco 10,000,000 pounds and apples 10,000,000 bushels.

Spring wheat, however, suffered a loss of 25,000,000 bushels because of drought and flax lost 2,500,000 bushels from the same cause.

HUNGER STRIKERS MAY BE RELEASED

Premier George Said to be Willing to Take Sinn Feiners' Guarantee to Stop Police Murders—Strikers to be Held as Hostages

LONDON, Sept. 8.—An inspired statement issued today indicates that Premier Lloyd George is willing to accept guarantees from Sinn Fein headquarters that police murders will cease and that he does not require a personal guarantee from Lord Mayor MacSwiney.

If such guarantee is forthcoming, it is set forth in the statement, MacSwiney and the hunger strikers in Cork jail would be released and held as virtual hostages, and if the murders were resumed they would again be sent to jail thus, in effect, reverting to what was called the "cat and mouse" policy adopted in the case of the suffragette hunger strikers.

It is an interesting question whether the Sinn Feiners are prepared to give such an assurance as to satisfy this requirement. Up to the present they have insisted upon conditional release.

POLISH CAVALRY DOES GOOD WORK

WARSAW, Sept. 7.—An official communication issued today says the advance of the Lithuanians in the north has been checked. Polish cavalry detachments stopped the further advance of the Lithuanians after some fighting. The Poles took 200 prisoners, six machine guns, six field kitchens and 40 carts and horses.

In the fighting in the south with the Bolsheviks the communication reports a further retreat by the Bolsheviks. General Budny's forces east of Brubieszow, where the Bolsheviks were defeated with losses.

Polish successes are also announced on the Lemberg front, the Poles crossing the Bug river between Kaminka and Strumylowa and smashing a red concentration in the region of Jablowka. One hundred and fifty prisoners were taken.

WILL UNDERTAKE STUDY OF CO-OPERATIVE MARKETING

Chicago, Sept. 8.—Appointment of a joint committee of seventeen which will undertake a comprehensive study with the view of recommending a plan of co-operative grain marketing upon which all farmers' organizations can unite was announced tonight by J. R. Howard, president of the American Farm Bureau Federation.

Among those on the committee are: C. A. Bingham, Lansing, Michigan; William Hirth, Columbia, Mo.; A. L. Middleton, Eagle Grove, Iowa; H. J. Waters, Kansas City, Mo.; and Clifford Thorn, William G. Eckhardt and C. S. Gregory of Chicago.

Representatives of nearly all the large farmers' organizations and co-operative associations are included in the membership of the committee.

ADJUTANT GEN. DICKSON ANNOUNCES APPOINTMENTS

Springfield, Ill., Sept. 8.—Adjutant General Frank S. Dickson today announced the appointments of Col. William E. Swanwick, Chicago, to command of the Second Illinois Infantry, and that of Col. Anson L. Bolte, Chicago, to the command of the Third Illinois Infantry. Colonel Swanwick was formerly of the 11th Infantry, and Col. Bolte of the Third Reserve Infantry.

HARDING RECEIVED WITH ENTHUSIASM MINNESOTA FAIR

Appeal for Americanism Received With Applause

MANY SENATORS WON WAY BY MERIT

STATE FAIR GROUNDS, HAMLINE, Minn., Sept. 8.—Making his first important campaign speech away from home, Senator Warren G. Harding outlined his agricultural policy to an applauding crowd of many thousands here today and later was acclaimed enthusiastically by other thousands in a string of parades and receptions in Minneapolis and St. Paul.

Stating in carefully measured words his agricultural program, the candidate declared that, among other things, the nation should encourage co-operative marketing, scientifically study price stabilization, so administer the farm loan act as to reduce tenancy, avoid unnecessary price-fixing, give farmers greater representation in government, restore railway transportation to its greatest efficiency and revise the tariff to protect against unfair competition.

Appeals for Americanism—An appeal for Americanism, which brought the loudest applause was made over the nominee's head had laid his manuscript aside. He recounted how on a return from Europe some years ago, his emotions had been aroused at the sight of poverty-stricken immigrants issuing from under decks, and how a stranger had told him "not to worry about those people."

"He declared it was the greatest day of their lives," said Senator Harding, "and, said, he knew whereof he spoke, because he himself had come over that way six years before. And that, my fellow-countrymen, is the story of America—a land of guaranteed freedom and opportunity. I want it to go on that way, preserving its independence and pointing the way to the highest civilization for the world."

Talks to Boys

During his visit of four hours to the fair grounds the candidate made several short talks. In the main they were merely messages of greeting to crowds that called on him for a word, but in a speech to a group of boys who had won prizes for crop raising he took occasion to reply to criticism of the senate as "a rich man's club."

Many of the present members of that body, he said, had won their way forward by merit from the lowliest beginnings.

Many departments of the fair were visited by Senator and Mrs. Harding but they stopped at most of the exhibits only a moment to express their admiration to those in charge. Everywhere Mrs. Harding shook hands and exchanged greetings with those who crowded around and several times she became separated from the party while she lingered to talk with newly found acquaintances. Later a reception was given Mrs. Harding by the women of Minneapolis.

THOMPSON SUES JOHN G. OGLESBY

CHICAGO, Sept. 8.—Suit No. 3100,000 filed in the United States district court by William Hale Thompson, mayor of Chicago. Letters alleged to have been mailed to soldiers several days ago under the signature of Mr. Oglesby, attacked the mayor as being seditious and unpatriotic and on this basis the suit was filed.

The letters are said to have referred to the major's attitude in connection with the visit of Marshal Joffre of France, and also to a series of meetings which the city executive was said to have attended.

Kansas wheat growers have fixed a price of \$3 per bushel as fair when the cost of production is counted. This is all very well if the Kansas men can now bring it to pass that the price shall also prevail beyond the boundaries of their own state.

P. H. Collier, a city photographer, says that John Barleycorn is not dead but that he has merely taken to the woods. There seems to be some truth to this statement as one reads about the frequent finding of whiskey rings and illicit stills. However, if John is kept in the woods he will do far less damage than was usual when he had the right to travel in the open along all highways.

The public will hope against hope that the American Chemical Society will at no distant day

make good its suggested promise that liquid coal can be produced and at a reasonable price. The proposal is by the mingling of a form of lignite now a refuse product of the mines, with petroleum to make a fuel product much cheaper than coal. Prices are now so high for all classes of fuel that the "discovery" or invention has more interest than ever before.

The Chicago papers are full of stories and charges which tend to discredit certain candidates or their political associates. The facts are that pre-election charges carry less and less weight with the reading public. Under such circumstances newspaper stories are largely discounted.

If Mr. Moore's line of inquiry in the campaign expenditures be followed out, the investigating committee and the department of justice will have an all winter's job. It begins to look now as if there can be no real results from the inquiry until long after election day has passed, and the chances are against any finding of importance.

Judged from the greeting that the Japanese officials gave the congressional party at Tokyo, the other day, there is a friendly feeling toward the U. S. The spokesman referred to "America as our guide." But despite this and other friendly sayings, those Americans who insist upon counting Japan as a great menace to the peace of the U. S. will see only

perfidy instead of friendliness underlying the words.

Preparations are going forward rapidly for the opening of the Jacksonville schools. Indications are that the high school attendance will be larger than ever before. It is used to be that at this time of year many parents who happened to live outside a high school district were worried by the tuition cost. All that was changed by the non-high school district law and it was a good change. Every boy and girl today is entitled to high school training and that very thing is provided now thru the present law and taxation.

MR. HARDING ON THE ISSUES.

(Washington Star.)

In taking up the issues one by one and making each one the subject of a deliverance, Mr. Harding is pursuing a course certain to prove of value to his candidacy. There are a number of issues, and all of them interest the voters.

On the deliverance on the subject of the League of Nations supplemented something Mr. Harding had previously said, and made his position entirely clear. It proved as acceptable to Senator Johnson as to Senator Lodge. Both the bitter-enders and the reservationists are satisfied.

On the railroad question Mr. Harding has praised the measure made law at the last session of congress. He voted for it, and has told railroad workers that in time they will come to appreciate its value.

He has just spoken on the subject of the American merchant marine, and in terms that appeal as much to patriotism as to plain business. And should he be elected president will be worth much to that enterprise in the early days of the establishment.

Wednesday in his address at the Minnesota state fair Mr. Harding discussed the agricultural interest, just now of the greatest importance and widest concern. As Ohio is largely an agricultural state he should know his subject and treat it to the everyday understanding.

There are a number of other issues, but as there are sixty days more of the campaign not one of them need be neglected. Before polling day the country will probably know Mr. Harding's attitude specifically toward everything the people are now concerned about.

SOME EMBARRASMENTS FOR MR. COX.

The cost of living has been and still is one of the leading subjects for discussion. Although elected the first time on a pledge to reduce the cost of living, the cost has steadily risen—having started to advance even before the outbreak of the war. Despite all the power delegated to it and the immense sums appropriated for prosecution of profiteers, the administration has done nothing to reduce prices of necessities. Mr. Cox can not talk about the cost of living without condemning his own party.

Also starting out with a discussion of the league of nations, Mr. Cox shows no sign of desire to keep to that subject. He dare not discuss in detail the obligations this country would assume under the provisions of Article X of the league covenant, nor the justice of the proposal to give Great Britain six or more votes to the United States—one in the league assembly. He has declared himself in favor of the league, but wishes to get away from the subject before he is called upon to go into the discussion of particular features of it.

Neither can Mr. Cox defend the record of the Democratic administration, for it has been notoriously a record of inefficiency, partisanship and sectionalism. Immense and unnecessary additions to the government payroll with consequent increase in taxes and diminution of supply of help for private industry has been known to all the people. Mr. Cox can not talk about the Democratic management of the public business.

THRILLING PICTURE TO BE AT THE RIALTO

Cameramen Take Pictures of Cannibals—Spent Thirteen Months Among Feroocious Tribe—Secured Wonderful Films.

Charles Vollmer, manager of the Rialto theater is making elaborate preparations for the extraordinary engagement Friday and Saturday of history's most astounding and realistic motion picture, called "Shipwrecked Among Cannibals," which was obtained at great risk of life and perilous plight by two intrepid cameramen who were cast ashore off Frederick Henry's Island, and were held captives for 13 months by the inhabitants, the most ferocious cannibals in existence.

Fortunately the men were rescued and returned to this country two weeks ago with more than 2,000 thrilling scenes which they procured of actual life among God's lowest creation. It is indeed the Land God Forgot, where babies look thirty years old, where women wear a slash their bodies to seem bare, and where giant savages hunt and fight wild boar with their naked hands.

Newspaper men and professors in the east, who were first to see these amazing pictures and the daring adventures and exploits of the cameramen, regard "Shipwrecked Among Cannibals," the most vivid and interesting pictures of a decade.

In association with the Universal Film corporation, which is releasing the production, Manager Vollmer announces that plans have been agreed upon and special invitations extended to the newspaper men of Jacksonville, the heads and teachers of all the educational institutions and to all the newsboys to be the guests of the management during the big engagement of two days, which starts Friday.

A COMMUNICATION. Editor Journal:—

During the last month my work has taken me into a dozen Illinois counties.

In all of them I found the friends and supporters of Oglesby, McKinley, Sterling, Emmerson, Brundage and Keyes doing team work, not only for themselves, but also for Andrew Russell, our Morgan county candidate for state auditor.

I also find the candidates chosen by Mayor Thompson doing team work for themselves, and also, for Julius Johnson, the opponent of Andrew Russell for state auditor.

Why should it be different in Morgan county? No matter how good some of these Thompson candidates may be personally, none of them are good enough to climb to power under obligations to the Thompson machine.

Kansas wheat growers have fixed a price of \$3 per bushel as fair when the cost of production is counted. This is all very well if the Kansas men can now bring it to pass that the price shall also prevail beyond the boundaries of their own state.

F. H. Collier, a city paragrapher, says that John Barleycorn is not dead but that he has merely taken to the woods. There seems to be some truth to this statement as one reads about the frequent finding of whiskey rings and illicit stills. However, if John is kept in the woods he will do far less damage than was usual when he had the right to travel in the open along all highways.

The public will hope against hope that the American Chemical Society will at no distant day

make good its suggested promise that liquid coal can be produced at a reasonable price. The proposal is by the mingling of a form of lignite now a refuse product of the mines, with petroleum to make a fuel product much cheaper than coal. Prices are now so high for all classes of fuel that the "discovery" or invention has more interest than ever before.

The Chicago papers are full of stories and charges which tend to discredit certain candidates or their political associates. The facts are that pre-election charges carry less and less weight with the reading public. Under such circumstances newspaper stories are largely discounted.

If Mr. Moore's line of inquiry in the campaign expenditures be followed out, the investigating committee and the department of justice will have an all winter's job. It begins to look now as if there can be no real results from the inquiry until long after election day has passed, and the chances are against any finding of importance.

Judged from the greeting that the Japanese officials gave the congressional party at Tokio, the other day, there is a friendly feeling toward the U. S. The spokesman referred to "America as our guide." But despite this and other friendly sayings, those Americans who insist upon counting Japan as a great menace to the peace of the U. S. will see only

perfidy instead of friendliness underlying the words.

Preparations are going forward rapidly for the opening of the Jacksonville schools. Indications are that the high school attendance will be larger than ever before. It used to be that at this time of year many parents who happened to live outside a high school district were worried by the tuition cost. All that was changed by the non-high school district law and it was a good change. Every boy and girl today is entitled to high school training and that very thing is provided now thru the present law and taxation.

MR. HARDING ON THE ISSUES.

(Washington Star.)

In taking up the issues one by one and making each one the subject of a deliverance, Mr. Harding is pursuing a course certain to prove of value to his candidacy. There are a number of issues, and all of them interest the voters.

The deliverance on the subject of the League of Nations supplemented something Mr. Harding had previously said, and made his position entirely clear. It proved as acceptable to Senator Johnson as to Senator Lodge. Both the bitter-enders and the reservationists are satisfied.

On the railroad question Mr. Harding has praised the measure made law at the last session of congress. He voted for it, and has told railroad workers that in time they will come to appreciate its value.

He has just spoken on the subject of the American merchant marine, and in terms that appeal as much to patriotism as to plain business. And should he be elected president will be worth much to that enterprise in the early days of the establishment.

Wednesday in his address at the Minnesota state fair Mr. Harding discussed the agricultural interest, just now of the greatest importance and widest concern. As Ohio is largely an agricultural state he should know his subject and treat it to the everyday understanding.

There are a number of other issues, but as there are sixty days more of the campaign not one of them need be neglected. Before polling day the country will probably know Mr. Harding's attitude specifically toward everything the people are now concerned about.

SOME EMBARRASMENTS FOR MR. COX.

The cost of living has been and still is one of the leading subjects for discussion. Although elected the first time on a pledge to reduce the cost of living, the cost has steadily risen—having started to advance even before the outbreak of the war. Despite all the power delegated to it and the immense sums appropriated for prosecution of profiteers, the administration has done nothing to reduce prices of necessities. Mr. Cox can not talk about the cost of living without condemning his own party.

Although starting out with a discussion of the league of nations, Mr. Cox shows no sign of desire to keep to that subject. He dare not discuss in detail the obligations this country would assume under the provisions of Article X of the league covenant, nor the justice of the proposal to give Great Britain six or more votes to the United States' one in the league assembly. He has declared himself in favor of the league, but wishes to get away from the subject before he is called upon to go into the discussion of particular features of it.

Neither can Mr. Cox defend the record of the Democratic administration, for it has been notoriously a record of inefficiency, partisanship and sectionalism. Immense and unnecessary additions to the government payroll with consequent increase in taxes and diminution of supply of help for private industry has been known to all the people. Mr. Cox can not talk about the Democratic management of the public business.

Cards have been received by friends here announcing the marriage of John I. McBride of Chicago to Miss Jennie Louise Harring of the same place. THRILLING PICTURE TO BE AT THE RIALTO

Cameramen Take Pictures of Cannibals—Spent Thirteen Months Among Feroocious Tribe—Secured Wonderful Films.

Charles Vollmer, manager of the Rialto theater is making elaborate preparations for the extraordinary engagement Friday and Saturday of history's most astounding and realistic motion picture, called "Shipwrecked Among Cannibals," which was obtained at great risk of life and perilous plight by two intrepid cameramen who were cast ashore off Frederick Henry's Island, and were held captives for 13 months by the inhabitants, the most ferocious cannibals in existence.

Fortunately the men were rescued and returned to this country two weeks ago with more than 2,000 thrilling scenes which they procured of actual life among God's lowest creation. It is indeed the Land God Forgot, where babies look thirty years old, where women fear to slash their bodies to seem beautiful and where giant savages hunt and fight wild boar with their naked hands.

Newspaper men and professors in the east, who were first to see these amazing pictures and the daring adventures and exploits of the cameramen, regard "Shipwrecked Among Cannibals," the most vivid and interesting pictures of a decade.

In association with the Universal Film corporation, which is releasing the production, Manager Vollmer announces that plans have been agreed upon and special invitations extended to the newspaper men of Jacksonville, the heads and teachers of all the educational institutions and to all the newsboys to be the guests of the management during the big engagement of two days, which starts Friday.

BIG CROP OF HAY FEVER JOKES

But Kentucky Man Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"The annual crop of Hay Fever jokes would be mighty scarce if people would get three-quarters of an ounce of Mentholized Arcline, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer."

"Many of my Hay Fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy."

"It's the same way with Rose Fever."

"The Better Class of Pharmacists who dispense Mentholized Arcline say that it will greatly modify any attack, even when taken three or four days after hostilities begin."

Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine."

Mentholized Arcline is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply."

BIG CROP OF HAY FEVER JOKES

But Kentucky Man Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"There's a real NINETY-NINE per cent effective remedy for hay fever," frankly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning. 'The annual crop of Hay Fever jokes' would be mighty scarce if people would get three-quarters of an ounce of Mentholized Arcine, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer. 'Many of my Hay Fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy. 'It's the same way with Rose Fever. 'The Better Class of Pharmacists who dispense Mentholized Arcine say that it will greatly modify any attack, even when taken three or four days after hostilities begin. 'Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine. 'Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply."

TO HOLD CONFERENCE IN SPRINGFIELD

Home Service Programs of Salvation Army to Receive Consideration.

This county will have equal representation with every other county in Illinois in deciding the way in which the state and each county can best be served in the future by the Salvation Army.

At the convention which will be held in the senate chamber at Springfield, Friday, Sept. 10, at the call of the state advisory board, each county has been asked to send an equal number of authorized delegates, the chairman being especially urged by State Chairman Francis S. Peabody to attend.

Every advisory board member, however, will be allowed to a seat at the convention, should more than the three delegates wish to attend. The Morgan county delegates who hope to attend are Henry Frisch and T. C. McVicar.

The object is twofold: First, to determine how the army can best serve the state; and second, to decide how the public can and should support the efforts of the army toward relieving some of the conditions revealed in the compiled data contained in the confidential studies of the various county boards.

The state advisory board has indicated to the county board, thru a letter from Chairman Peabody, that the confidential studies proved the existence of a large and unfulfilled need for organized corrective treatment, which the central body feels the Salvation Army is fitted by its experience to attempt.

Following are the members of the state advisory board: Francis S. Peabody, Chicago, chairman; John B. Jackson, Anna; William J. Sinek, Chicago; Major A. A. Sprague, Chicago; William Buchanan, Joliet; H. D. Pierce, Belvidere; Frederick W. Moore, Chicago; H. M. Merriam, Springfield; John H. Bentjes, Peoria; Herman H. Hotzler, Chicago.

OLD SHAVING BRUSH DOOMED

Even Lather and Rubbing Are Now Passe.

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

Now, they say, this was lost motion; a waste of time. The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all stinging irritations, smart, and soreness, and gives a better shave.

All druggists have Barbasol. If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

COX INTIMATES HARDING POLICY IS VACILLATING

Wants Definite Decision to Come Out of Marion

BIG BUSINESS TRIES TO BUY PRESIDENCY

GREAT FALLS, Mont., Sept. 8.—A new assault on the international policies of Senator Harding, Republican candidate for president, was made tonight by Governor Cox of Ohio, his Montana opponent, in the 18th speech of the campaign. Governor Cox declared Senator Harding had taken eight different positions.

"The campaign, even though we are more or less in the preliminaries," said Governor Cox, "has reached a stage when we should take count of the situation. It would seem fitting to direct the nation's thought to the outstanding thing—the changing, vacillating, inconsistent attitude on international questions of the senatorial candidate for the presidency."

Says Harding Vacillates
"Senator Harding's positions have been as follows:

"1.—In the senate voted with the mild reservationists.
"2.—In the senate advocated and voted for the Lodge reservations.

"3.—In the senate supported the Knox resolution for a separate peace with Germany.

"4.—Nominated on a platform which declared 'the league of nations has signally failed.'

"5.—Speech of acceptance proposed separate peace with Germany and new relationship of nations to be established by him and the scrapping of the league.

"6.—August 28th, speech, an entirely new plan—the resurrection of the dead Hague tribunal under which there occurred the Russo-Japanese, the Boer, the Balkan and the great world war.

"7.—Speech of Sept. 6th, the league has now passed beyond the possibility of restoration.

"8.—Same speech, Sept. 6th, 'amendment or revision of reconstruction of the league covenant is still among the possibilities.'

"It will be seen, therefore, that eight different proposals have been made by a candidate for the constitutional position of president, the officer who in a large measure initiates the international policies of this republic.

"Let us not forget in this connection that Republicans of all shades of opinion on this subject have visited Marion and without exception whether the guest favored the league or opposed the league, he invariably reported to the press that he endorsed Senator Harding's position as stated to him in conferences. All this would be laughable if it were not so tragic.

Want Definite Decision
"It is important that a definite decision come out of Marion. In this connection I have a suggestion, which is that Senator Johnson, who is against any kind of a league, and ex-president Taft, who has endorsed the present league, conduct a joint debate on the front porch at Marion and that Senator Harding render a decision which will be not only his decision but his final decision.

Governor Cox here and in a number of rear platform addresses also characterized Senator Harding as the "reactionary candidate of the senatorial oligarchy and on big business interests trying to buy the presidency."

He also reiterated charges that Mr. Harding was nominated by a "ring" at Chicago.

Governor Cox remained at Great Falls tonight and leaves early tomorrow for engagements at Helena, Anaconda and Butte.

HARRY M. BLAIR TELLS COMMITTEE OF CAMPAIGN FUND

(Continued from Page 1)
tions above \$1,000 was the only reason for the disapproving of Form 101. He said his plans contemplated no secrecy in fund collecting but characterized as "a campaign expedient" instructions in the form warning against leaving papers relating to fund drives on the tables after a luncheon attended by those engaged in the work.

Senator Kenyon called attention to the fact that the work in Cleveland described by Mr. Blossom at the morning session followed the details of Form 101 closely.

Asked how successful his drive for funds had been, Mr. Blair said that between December 1, 1918, and June 12, 1920 (the pre-convention period) cash and pledges amounted to \$1,700,000. From June 12 to Sept. 7 he said the total was \$1,200,000.

Never Heard of Fifteen Million Fund
"Did you ever hear of a \$15,000,000 fund?" asked Senator Spencer.

"I never did until I read the Cox Pittsburgh speech," said Mr. Blair.

"But you would have heard of it if it had been planned," asked Senator Edge.

"Not only that but I would have refused to undertake to raise it on a quota list calling for \$5,000,000," responded the witness.

"We made no attempt whatever to get contributions from officers of corporations as such," said Mr. Blair.

"As such what?" asked Senator Reed.

"We went to them in their capacity as individual citizens and not as officers of corporations," explained Mr. Blair.

"You mean you went to the individual officers of the corporations and not to the corporations themselves," rejoined the Missouri senator.

BALLOT RECEIVED.

The first of the absent votes' ballots received by County Clerk G. L. Riggs was one from William Russell of Woodson precinct, who is now at Lawrence, Ala. This ballot, in accordance with the law, will be sent to the polling place in Woodson precinct for election day.

COX INTIMATES HARDING POLICY IS VACILLATING

Wants Definite Decision to Come Out of Marion

BIG BUSINESS TRIES TO BUY PRESIDENCY

GREAT FALLS, Mont., Sept. 8.—A new assault on the international policies of Senator Harding, Republican candidate for president, was made tonight by Governor Cox of Ohio, his Democratic opponent, in the latter's Montana campaign. Governor Cox declared Senator Harding had taken eight different positions.

"The campaign, even though we are more or less in the preliminaries," said Governor Cox, "has reached a stage when we should take count of the situation. It would seem fitting to direct the nation's thought to this outstanding thing: the changing, vacillating, inconsistent attitude on international questions of the senatorial candidate for the presidency."

Says Harding Vacillates
"Senator Harding's positions have been as follows:

"1.—In the senate voted with the mild reservationists.

"2.—In the senate advocated and voted for the Lodge reservations.

"3.—In the senate supported the Knox resolution for a separate peace with Germany.

"4.—Nominated on a platform which declared the league of nations has signally failed."

"6.—August 28th, speech, an entirely new plan—the resurrection of the dead Hague tribunal under which there occurred the Russo-Japanese, the Boer, the Balkan and the great world war.

"7.—Speech of Sept. 6th, the league has now passed beyond the possibility of restoration.

"8.—Same speech, Sept. 6th, amendment or revision of reconstruction of the league covenant is still among the possibilities."

"It will be seen, therefore, that eight different proposals have been made by a candidate for the constitutional position of president, the officer who in a large measure initiates the international policies of this republic.

HARRY M. BLAIR TELLS COMMITTEE OF CAMPAIGN FUND

(Continued from Page 1)
tions above \$1,000 was the only reason for the disapproving of Form 101. He said his plans contemplated no secrecy in fund collecting but characterized as "a campaign expedient" instructions in the form warning against leaving papers relating to fund drives on the tables after a luncheon attended by those engaged in the work.

Senator Kenyon called attention to the fact that the work in Cleveland described by Mr. Blossom at the morning session followed the details of Form 101 closely.

Asked how successful his drive for funds had been, Mr. Blair said that between December 1, 1918, and June 12, 1920 (the pre-convention period) cash and pledges amounted to \$1,700,000. From June 12 to Sept. 7 he said the total was \$1,200,000.

Never Heard of Fifteen Million Fund
"Did you ever hear of a \$15,000,000 fund?" asked Senator Spencer.

"I never did until I read the Cox Pittsburgh speech," said Mr. Blair.

"But you would have heard of it if it had been planned" asked Senator Edge.

"Not only that but I would have refused to undertake to raise it on a quota list calling for \$5,000,000," responded the witness.

"We made no attempt whatever to get contributions from officers of corporations as such," said Mr. Blair.

"As such what?" asked Senator Reed.

"We went to them in their capacity as individual citizens and not as officers of corporations," explained Mr. Blair.

"You mean you went to the individual officers of the corporations and not to the corporations themselves," rejoined the Missouri senator.

M. E. CONFERENCE WORK IS WELL UNDER WAY

Rev. F. B. Madden Is Again Chosen Secretary—Discussion of Superintendency Term Renewed—Many Conference Members on Detached Service.

(By C. R. MORRISON.)
Decatur, Sept. 8.—(Special.)—A very impressive introduction to the 37th session of Illinois Conference M. E. church was made by Bishop Nicholson this morning. After a brief address on the character of the Christ as described by Isaiah, the sacrament of the Lord's Supper was celebrated. Instead of proceeding to the business of organization the program was changed. Dr. T. N. Ewing delivered a very beautiful and forceful memorial address after the calling of the names of the ten ministers who had died during the year, and the names of five widows or wives of ministers were concerned.

F. B. Madden, of Clinton, formerly of Jacksonville, was elected secretary for the thirteenth time—thereby breaking the record of such service.

He named E. G. Sandmeyer of Charleston, C. W. Howard of Chism, as his assistants. Other officers of last year were re-

elected. The matter of the attitude of Illinois Conference, in regard to the permanent location of the Illinois Wesleyan University, was presented by Dr. Merie English from the Executive Board of the University by plots and designs, showing what was proposed to do at Bloomington. The whole matter was referred to a commission of 14 members of the conference, elected by popular vote.

Old Fight Re-opened.
Dr. T. N. Ewing precipitated a discussion by introducing a resolution requesting the Bishop not to appoint any man to District Superintendency longer than 6 years out of twelve. It is the old fight against the long continuance of men in district superintendency. It was agreed to make the matter of petition the order of the day for Thursday morning.

Many names of men on list of detached service were called and referred to the Committee on Conference Relations.

Detached Service.
The new legislation of the General Conference concerning men who have hitherto been taken from the regular pastorate and appointed to various services outside the itinerant ministry, will call for action at this session of the Conference. There are 25 cases that must be considered.

The new law is, that the Bishop may appoint men detached service when so approved by the district superintendents, and confirmed by a two-thirds vote of the conference. In addition to this, such men will be required to pay one per cent of salary into the pension fund of the conference for retired ministers, their widows or orphan children under 16 years of age, in order that each, such years paid for shall count in their support for retirement.

Such men as President Kemp of Illinois Wesleyan University; Parker Shields, supt. of Anti-Saloon League; W. T. Beadles, chairman of the Soldiers and Sailors' Home, Quincy; A. J. Patrick, chaplain State Penitentiary, Joliet; W. T. Davidson, J. D. Barhart, P. C. Somerville, J. M. Carter, T. O. Lehman, A. C. Pieris, professors in colleges of Methodism, or other denominations, will come under this law. The number of such men in detached service and special service equals, thruout Methodism, one-tenth of the whole body of active and effective ministry.

Women in the Ministry.
Another step in legislation by

the last General Conference in May at Des Moines, was that of granting to women the license to preach. Their ordination to the ministry, awaits further developments.
The matter will have unusual interest at Decatur, from the fact that St. Paul's church quarterly conference has asked for the appointment as assistant pastor, Mrs. N. M. Rigg, whose husband, Rev. N. M. Rigg, was the popular pastor of Virginia M. E. church, and whose death last Easter day was noted with sorrow. Mrs. Rigg was an untiring visitor with her husband, when in the pastorate at Beardstown, Shelbyville, and Grace church, Decatur, and will be of great service in the East Side field of Decatur, where Rev. C. R. Booth is pastor.

YOUNG WOMEN FROM SOUTH AMERICA HERE

A great deal of interest attaches to the presence of Senorita Senorita Marie Perla of Cali, Columbia, who are in Jacksonville to enter Illinois Woman's college.

These young women have come from South America, expecting to take a four years' course at the college. When Bishop Oldham of South America was here at commencement time in June he made the preliminary arrangements and about three weeks ago the young women sailed for the United States.

Senorita Perla writes for the Mercurio, a paper published at Santiago, and she also has a commission from the Chilean government to study the system of decorative art in the schools of America. The expectation is that after her return to her native country that some of the systems followed here in decorative art will be put into effect.

While Miss Perla will devote a great deal of attention to art, the regular collegiate course will be followed out.

HEARING CONTINUED

The hearing before the utilities commission on the proposal to increase the street car fares in the city of Jacksonville was not held Wednesday. The hearing had been set for Sept. 8, but postponement was necessary because members of the utilities commission had it necessary to attend a session of the Interstate commerce commission in Chicago.

While Miss Perla will devote a great deal of attention to art, the regular collegiate course will be followed out.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker, day by day, until you feel yourself on the verge of a breakdown.

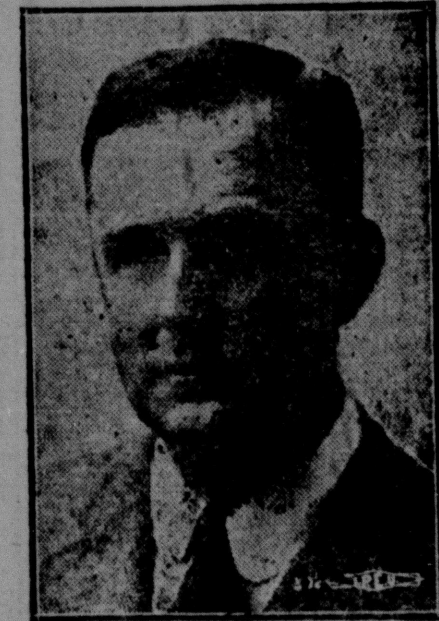

This whole condition is a warning that nature needs assistance in giving the system a general housecleaning.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vigor to both old and young.

The new law is, that the Bishop may appoint men to detached service, when so approved by the district superintendents, and confirmed by a two-thirds vote of the conference. In addition to this, such men will be required to pay one per cent of salary into the pension fund of the conference for retired ministers, their widows or orphan children under 16 years of age, in order that each, such years paid for shall count in their support for retirement.

Such men as President Kemp of Illinois Wesleyan University; Parker Shields, supt. of Anti-Saloon League; W. T. Beadles, chaplain of the Soldiers and Sailors' Home, Quincy; A. J. Patrick, chaplain State Penitentiary, Joliet; W. T. Davidson, J. D. Barhart, P. C. Somerville, T. M. Carter, T. O. Lehman, A. C. Pierrel, professors in colleges of Methodist, or other denominations, will come under this law. The number of such men in detached service and special service equals, thruout Methodism, one-tenth of the whole body of active and effective ministry.

Women in the Ministry.
Another step in legislation by

the last General Conference in May at Des Moines, was that of granting to women the license to preach. Their ordination to the ministry, awaits further developments.
The matter will have unusual interest at Decatur, from the fact that St. Paul's church quarterly conference has asked for the appointment as assistant pastor, Mrs. N. M. Rigg, whose husband, Rev. N. M. Rigg, was the popular pastor of Virginia M. E. church, and whose death last Easter Day was noted with sorrow. Mrs. Rigg was an untiring visitor with her husband, when in the pastorates at Beardstown, Shelbyville, and Grace church, Decatur, and will be of great service in the East Side field of Decatur, where Rev. C. R. Booth is pastor.

YOUNG WOMEN FROM SOUTH AMERICA HERE

A great deal of interest attaches to the presence of Senorita Marie Perla of Cali, Columbia, who is in Jacksonville to enter Illinois Woman's college.

These young women have come from South America expecting to take a four years' course at the college. When Bishop Oldham of South America was here at commencement time in June he made the preliminary arrangements and about three weeks ago the young women sailed for the United States.

Senorita Perla writes for the Mercurio, a paper published at Santiago, and she also has a commission from the Chilean government to study the system of decorative art in the schools of America. The expectation is that after her return to her native country that some of the systems followed here in decorative art will be put into effect.

While Miss Perla will devote a great deal of attention to art, the regular collegiate course will be followed out.

HEARING CONTINUED

The hearing before the utilities commission on the proposal to increase the street car fares in the city of Jacksonville was not held Wednesday. Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker, day by day, until you feel yourself on the verge of a breakdown.

This whole condition is a warning that nature needs assistance in giving the system a general housecleaning.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out

all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vigor to both old and young. HIGH SCHOOL NOTES.

The high school principal, B. F. Shafer, has arrived in the city with his family and is located at 236 Park street.

Mr. Shafer comes to us from Rockford, Ill., where he has been an assistant principal of the high school for the last few years. During the last year he has been a member of the Expert Development Staff on Education in the army and has been located at Camp Grant. During May and June he was given special assignment at Camp Lee, Virginia, to organize this same kind of work. Mr. Shafer has specialized in high school work at the University of Chicago and comes very highly recommended.

Registration.
This week he has been busy with the assistance of other high school teachers in registering the high school students. The registration continues during the present week as has been announced. The registration is apparently quite heavy and it appears as if the enrollment will be as heavy as can possibly be taken care of under conditions that the high school has to work.

Athletics.
The high school athletics this year will be under the direction of Mr. J. L. Mitchell. Mr. Mitchell is a graduate of Illinois College and during the past year has been a teacher in the Harter Stanford Township High school and produced some very excellent teams. The football season will start Monday morning when Mr. Mitchell has asked those interested in football to appear on Illinois field. A full schedule has already been arranged with some of the best cities within a radius of fifty miles of Jacksonville. A very interesting season is anticipated.

Teachers' Meeting.
The General Teachers' Meeting will be held Saturday morning at 9 o'clock, David Prince building. All elementary and Junior and Senior high school teachers, together with the superintendents, are to be present. Friday a special meeting of the principals and supervisors is to be held at 9 o'clock in the office of the superintendent. Friday afternoon there will be a meeting of the new teachers in the system. They will also meet with the superintendent for a general review of the local school work.

Why Man,

We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes. Discriminating men's clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

HIGH SCHOOL NOTES.

The high school principal, B. F. Shafer, has arrived in the city with his family and is located at 236 Park street.

Mr. Shafer comes to us from Rockford, Ill., where he has been an assistant principal of the high school for the last few years. During the last year he has been a member of the Expert Development Staff on Education in the army and has been located at Camp Grant. During May and June he was given special assignment at Camp Lee, Virginia, to organize this same kind of work. Mr. Shafer has specialized in high school work at the University of Chicago and comes very highly recommended.

Registration. This week he has been busy with the assistance of other high school teachers in registering the high school students. The registration continues during the present week as has been announced. The registration is apparently quite heavy and it appears as if the enrollment will be as heavy as can possibly be taken care of under conditions that the high school has to work.

Athletics. The high school athletics this year will be under the direction of Mr. J. L. Mitchell. Mr. Mitchell is a graduate of Illinois College and during the past year has been a teacher in the Harter Stanford Township High school and produced some charge of the athletics at that school and pronounced some very excellent teams. The football season will start Monday morning when Mr. Mitchell has asked those interested in football to appear on Illinois field. A full schedule has already been arranged with some of the best cities within a radius of fifty miles of Jacksonville. A very interesting season is anticipated.

Teachers' Meeting. The General Teachers' Meeting will be held Saturday morning at 9 o'clock, David Prince building. All elementary and Junior and Senior high school teachers, together with the superintendents, are to be present. Friday a special meeting of the principals and supervisors is to be held at 9 o'clock in the office of the superintendent. Friday afternoon there will be a meeting of the new teachers in the system. They will also meet with the superintendent for a general review of the local school work.

Daily Market Report

LOSSES AMONG MOST OF ACTIVE ISSUES

NEW YORK, Sept. 8.—The stock market was without a definite trend during the better part of today's professional operations, although losses predominated among most of the active issues at the heavy close. Exceptions to this tendency were furnished by several of the oil, steel and investment trusts, also specialties of the class represented by sugars, but last week's favorites in transportation and industrial groups were reactionary. Sales amounted to 575,000 shares.

The market for foreign remittances again ignored further arrivals of gold imports, while the Italian rate broke violently probably in consequence of serious industrial disturbances in that country.

Most bond issues, domestic and international followed the course of stocks, easier tendencies being shown by liberty and popular railway bonds.

PRICE OF WHEAT

CHICAGO, Sept. 8.—Wheat advanced sharply in price today as a result of buying on a large scale for the seaboard. The close was strong 3/4 to 4/8c net higher with December \$2.45 1/2 and March \$2.41 1/2. Corn gained 1/8 to 1/4c and oats 1/4 to 1/2c. In provision the outcome varied from 25c decline to 7c advance.

Eastern demand for wheat was generally assumed to be a reflection of sales to Europe and was not only for future deliveries but also for cash wheat in volume.

Evidence that rye was needed too for export tended further to lift the value of wheat. Besides the fact that receipts of wheat in Chicago today totalled only 90 cars drew fresh notice to reports that farmers were adopting a holding attitude.

Adverse weather which delayed ripening had a bullish effect on corn.

Moreover receipts were small and a decided falling-off in Iowa and Illinois consignments was apparent.

Ons ascended with corn. Packers buying rallied provisions somewhat from a break due to lower quotations on hogs.

HIGH SCHOOL HEAD HERE TO BEGIN WORK

B. F. Shafer, New Principal, Has
Had Extensive Training—Comes
Here from Camp Grant School

B. F. Shafer, newly chosen principal of the Jacksonville high school, has arrived in the city to enter upon his work. Mr. Shafer has been serving on the "Development Expert Staff" of the army schools and has been located at Camp Grant.

The new principal completed his graduate work at the University of Chicago, qualifying for the master

B. F. SHAFER
Principal Jacksonville High School

of arts degree in education. His undergraduate work was done at Valparaiso University. High school students will be especially interested in knowing that Mr. Shafer can also qualify in athletics, for he has coached for six years.

In the past year at Camp Grant the members of the development staff have devoted special attention to a course in citizenship given in connection with various vocational courses. The work has received such recognition by the war department that it is now planned to introduce it into all of the army camps next year.

Altho Mr. Shafer was urged to remain in the service and to take a supervisorship of one of the districts into which the country is to be divided for the purpose of administering this work, he preferred to take up high school work along the usual lines.

Mr. Shafer's preparation has been primarily for administrative work in the public schools and especially at the present time that line of work offers large opportunities.

The new principal has been associated in the work of several high schools and with such success that the board of education feels that he will be a real addition to the school life of Jacksonville.

PRETTY HOME WEDDING WEDNESDAY EVENING

Miss Irene Hall Becomes Bride of
Fred E. Collins of Virginia—
Will Reside in Cass County.

At 8:15 o'clock Wednesday evening at the home of Mr. and Mrs. John W. Hall, 1128 North Diamond street, occurred the marriage of their eldest daughter, Irene, to Fred E. Collins of Virginia, Rev. A. A. Todd officiating. The beautiful ring service was used and the ceremony was witnessed by only the immediate relatives and friends of the young people.

The bride and groom were attended by Miss Martha A. Hall, sister of the bride, and Howard Collins of Virginia, brother of the groom.

The bride was attired in a suit of blue broadcloth with hat to match and wore a corsage bouquet of Russell roses. The bridesmaid wore a suit of castor broadcloth with hat to match and her corsage bouquet was of Russell roses.

Just preceding the ceremony Miss Jeanette Frommel at the piano played "My Beloved" by A. Higler.

Mrs. Collins has always made her home in Jacksonville, graduating from the high school with the class of 1914. Since that time she has been employed as bookkeeper at the Ayers National bank. She is a young woman of charming personality and is highly regarded by all who know her.

Mr. Collins has been a resident of Virginia all his life. After finishing the course at the public schools there he graduated from the Rahe school at Kansas City. When the world war was declared he enlisted in the medical corps, 124th M. G. Bn., 33d division, and saw over a year's active service overseas.

Immediately after the ceremony refreshments were served. Pink and white were the predominant colors in the decorations used in the dining room, and the other rooms of the home were appropriately decorated.

Mr. and Mrs. Collins left on the 9:00 Wabash train for Springfield and Chicago for a brief wedding trip. Upon their return they will be at home to their friends at Virginia, where the groom is engaged in farming. The many beautiful wedding gifts evidenced the high esteem in which these young people are held.

A STURDY TRAVELER
A stalwart man drove into the city yesterday with his family en route to sunny California. The man was Jesse Walker, long time resident of Chicago, but he had shaken the dust of the great metropolis and decided to go to San Diego, Cal., and run a fishing boat.

Mr. Walker had an interesting biography but was not one to boast about it or parade his deeds seeking for praise. For twenty-one years and four months he was a member of the Chicago fire department and during that time lost two days on account of sickness. He was not inclined to parade his deeds but answered some question put to him. He said the most heartrending experience he ever had was at the Iroquois theater fire. When the department arrived it seemed as if every one in the ill-fated building would have to perish and then was the time that superhuman efforts were put forth to save the helpless victims. Men rushed into the awful smoke regardless of the consequences and many were borne insensate from the holocaust.

With superman strength a ladder was hoisted and one end placed on a window sill of the burning building and the other end on a building opposite and several escaped that way. For weeks Mr. Walker's lungs were so full of smoke and dust he breathed with difficulty.

The unfortunate Eastland disaster was not exactly a conflagration but called for the heroism of the firemen. Like Trojans they worked attempting to rescue the victims of that ill-fated boat and many thrilling adventures were had by them there.

Affair Well Patronized Thruout Afternoon and Evening—Serving Was in the Church Owing to Bad Weather.

Again the weather was unpropitious to the good people of Centenary church who had an arrangement with Providence to send the rain so as to dilute the soup in the hospital and will do well to get out in three months. The six cauldrons of savory stew were ready in due season after twelve hours boiling and all came to the work with glad hearts ready to make the best of everything.

It was decided to serve inside which was wise and about noon the tables were ready and people swarmed in to the delight of the management. Every one pronounced the soup par excellence and partook of it liberally. Then there were pies, cakes, sandwiches, coffee and ice cream, so that any one who had a reasonable sum of money could be filled to his heart's content. The committees already named in the Journal were on hand and the serving was admirably done by the ladies who were prompt and there were no tedious waits.

Of course the bad weather cut down the attendance somewhat but still the patronage was good and every one interested in the church helped with a will and it went smoothly. They were unable last night to determine the outcome but it was good.

B. F. Shafer, newly chosen principal of the Jacksonville high school, has arrived in the city to enter upon his work. Mr. Shafer has been serving on the "Development Expert Staff" of the army schools and has been located at Camp Grant.

of arts degree in education. His under graduate work was done at Valparaiso University. High school students will be especially interested in knowing that Mr. Shafer can also qualify in athletics, for he has coached for six years.

In the past year at Camp Grant the members of the development staff have devoted special attention to a course in citizenship given in connection with various vocational courses. The work has received such recognition by the war department that it is now planned to introduce it into all of the army camps next year.

Altho Mr. Shafer was urged to remain in the service and to take a supervisorship of one of the districts into which the country is to be divided for the purpose of administering this work, he preferred to take up high school work along the usual lines.

Mr. Shafer's preparation has been primarily for administrative work in the public schools and especially at the present time that line of work offers large opportunities.

The new principal has been associated in the work of several high schools and with such success that the board of education feels that he will be a real addition to the school life of Jacksonville.

A STURDY TRAVELER

A stalwart man drove into the city yesterday with his family en route to sunny California. The man was Jesse Walker, long time resident of Chicago, but he had shaken the dust of the great metropolis and decided to go to San Diego, Cal., and run a fishing boat.

Mr. Walker had an interesting biography but was not one to boast about it or parade his deeds seeking for praise. For twenty-one years and four months he was a member of the Chicago fire department and during that time lost two days on account of sickness. He was not inclined to parade his deeds but answered some questions put to him. He said the most heartrending experience he ever had was at the Iriquois theater fire. When the department arrived it seemed as if every one in the ill-fated building would have to perish and then was the time that superhuman efforts were put forth to save the helpless victims. During that time the awful smoke regardless of the consequences and many were borne insensible from the holocaust.

With superman strength a ladder was hoisted and one end placed on a window sill of the burning building and the other end on a building opposite and several escaped that way. For weeks Mr. Walker's lungs were so full of smoke and dust he breathed with difficulty.

The unfortunate Eastland disaster was not exactly a conflagration but called for the heroism of the firemen. Like Trojans they worked attempting to rescue the victims of that ill-fated boat and many thrilling adventures were had by them there.
